🏠 Ōtautahi - Christchurch

🗣 French (native), English (fluent), German (notions)

8 years of experience in web/software engineering, I deliver stable, reliable and sustainable work, aligned with strong ethics.
Incredibly resourceful and versatile, I worked in several capacities and I'm looking for the right team and organisation rather than a specific position. My ideal work environment cares about accessibility, privacy, security and reduction of carbon footprint, supports Free & Open Source Software and avoids unethical Big Tech solutions.
